FragranceAroma!

K₁ – A, B, C, curiously presented themselves at a well-known perfume factory for a visit to enjoy and learn about their sense of smell. Related to their UOI on ‘Senses’ it was an interesting and enjoyable experience for these little ones.

The children reached Abhishek Aromatics at Bhandup (W) at 10 a.m. and were immediately whisked away to the factory to observe how the different organic perfumes were made. Batch by batch, they proceeded around the factory floor and the different instruments were introduced while their functioning was explained. They sampled one of the brands and simply loved it! The other fragrances that they were given to try were rose, Jasmine and Mogra.

One of the staff even put ‘a strip of fragrance’ into their pockets and the class smelled sweet till the next day. **We are active lifelong learners..!**

Talent is treasure

Dancing and singing, showcasing our skills,

Karate and taekwondo and other drills.

Art and craft, music and clay,

We nurture our talents through fun and play.

On Wednesday, 10th Sep '14, we organized a **Talent Show** for the budding stars of **grade 1** as a part of our Action for the UOI – ‘**Myself**’. The main rationale behind the curtain was to help children discover their strengths and weaknesses. Most of all they discovered their hidden skills which will help them in their personal development.

Children came in colorful costumes and showed us their incredible skills. They enjoyed each other’s performances and appreciated each other’s talents.

Here are some comments of the students about this activity.

Dhruan(1-B) -- “we learned that each one of us is a talented child”

Ananya(1-A) -- “This talent show will help me to go forward in life”

Ishaan(1-C) -- “I loved the appreciation that I received after the show. I’m proud of my personal ability.

We expect our students to nurture their talents because “Talent is like a flower, you have to fully tend to it, if you want something beautiful”- Marinela Reka.

The True Use

Newspapers are wonderful things,
 Because of the news they bring.
 Some good news, some bad news,
 Some news you could use.
 The newspaper is useful no doubt,
 Something we can't do without.
 But in these days of tremendous heat,
 Newspaper is used more as a fan,
 To beat the heavy heat if it can!!

UNIVERSITY FAIR

On the 15 of September a university fair was organized in our school for the 9th, 10th, DP 1 and DP 2 students. The University fair had University options from UK, New Zealand , Australia and Canada such as Leeds, Kingston, Westminster from the UK, Lake Head University from Canada, etc. A few universities specialized in hotel management and the rest offered a variety of courses ranging from the arts, business, to science. All the universities sounded and looked very appealing but none had a holding in the world ranking. It was a wondrous and spine tingling experience as the talks about our future and career filled the air. It was intimidating at times, but with the support of our teachers and parents we had the confidence to get through it. All the representatives from the universities were kind and answered all our questions patiently. What mattered most is how they were willing to listen to us as we conferred about our dreams and goals. I'd like to thank the school for inviting these universities. However, all of us feel that the school should organize more of such events where they focus on more universities of the Us too, not just Europe. Yet, we enjoyed the fair thoroughly and it has definitely widened our horizon as to our future and made us think not just further, but also deeper.

DP students' CAS initiative- Dandiya Dhamal

RBK INTERNATIONAL ACADEMY
invites you to Navratri Celebrations With
DANDIYA DHAMAL

Day:- 1st October 2014
Time:- 12.00 pm to 2.30 pm

Venue:- RBKIA Auditorium
Opp. Indian Oil Nagar, Ghatkopar - Mankhurd Link Road, Mumbai - 400088

Rs:- 380.00
Admit One.

Last year students of IBDP organized a vibrant and colorful event: “Dandiya Dhamal”.....It was a CAS initiative and a fund raising event. The response was enormous. Funds raised through the event were used for another event “Playing Santa” where DP students visited an orphanage and organized a Christmas party for the little children.

We, the IBDP students decided to continue with the trend set by our seniors and take our music and dance festival to greater heights. Sumptuous and delicious food is arranged along with foot tapping music. Come dressed in your most beautiful Indian ethnic wear and have fun of dancing with your friends and teachers.

As the president of the student council, I make an appeal to all my colleagues to participate in this event enthusiastically and help us in raising funds.

Thank you.

Anoushka Balan

President of RBKIA Student Council
